

# PRSONAS™ AVATAR INTERPRETER WITH PERSONALITY

**REAL-TIME  
MULTILINGUAL  
COMMUNICATION  
MADE SIMPLE**

## WHAT IS THE AVATAR INTERPRETER?

The Avatar Interpreter is a multilingual solution that allows users to speak in any language and receive real-time interpretation into another language. Guided by an AI avatar, the experience is intuitive, expressive, and human-like, making communication seamless across cultures and industries

## KEY BENEFITS

- ✓ **UNIVERSAL LANGUAGE ACCESS**  
Supports real-time interpretation between dozens of languages, breaking down communication barriers.
- ✓ **AVATAR-GUIDED EXPERIENCE**  
Users are guided by a friendly, expressive AI avatar using natural gestures and facial expressions.
- ✓ **PROVIDES 24/7 ACCESSIBILITY**  
Always on, always ready, no scheduling required.
- ✓ **SCALABLE & COST EFFECTIVE**  
Reduces the need for human interpreters, especially in high-volume or remote settings.
- ✓ **MULTIMODAL INTERACTION**  
Voice, touch, and visual cues make the experience accessible to all users, including those with disabilities.
- ✓ **ANALYTICS READY**  
Tracks usage patterns, languages selected, and engagement metrics for continuous improvement
